RECOMMENDATION FOR OLIVIA WRONKA

It is a great pleasure to write this letter in recommendation of Olivia Wronka. She as well as the rest of her class was assigned to create signage for Windham Textile and History Museum also known as the Mill Museum. After a tour, feedback from the board, and she submitted a presentation of the final product of the signage.

Her contrast of the design was clear so the sign could be seen from farther away. The design elements captured the mission of the Museum.

The Mill Museum would like to recommend her for future design projects. She is a very talented graphic designer with a great future ahead of her.

Sincerely,

A handwritten signature in cursive script that reads 'Kira Holmes'.

Kira Holmes
Executive Director
Windham Textile and History Museum
(The Mill Museum)
